

## *Application for Senior and Residents with Medical Disabilities Lockbox Program*

The Rowley Fire Department Senior and Residents with Medical Disabilities Lockbox Program is offered as a courtesy to senior residents and residents with medical disabilities living in one and two family homes in the Town of Rowley. Residents of apartments and condos need not apply as your buildings should already have a commercial Knox Box. If accepted, the Fire Department will install a Knox Box to the top of the entry door to the house using a secure hanger and two screws. In the event of an emergency the fire department may use the resident supplied key contained within the Knox Box to gain entry to the house. While the Fire Department will make every effort to utilize the Knox Box, a faster method may be utilized if deemed necessary. The Rowley Fire Department can **only** use the Knox Box to gain access to your house **after** being summoned to your house for emergency purposes. If you wish to apply for the Senior and Residents with Medical Disabilities Lockbox Program Please fill out the form below and email to [department@rowleyfiredept.com](mailto:department@rowleyfiredept.com) or drop it off at the fire station at 473 Haverhill Street.
